

American Faith Academy

Grammar (3–6) Book List Included with Tuition

Building the Foundation

Students systematically build their knowledge base through an integrated classical curriculum rooted in history, literature, writing, science, and discussion. Grammar students read historical fiction, biographies, myths, and classic stories aligned with the historical period they are studying throughout the academic year.

Students strengthen composition and communication skills through guided writing assignments, structured narration, vocabulary study, and literary analysis. Science instruction includes guided observation, experiments, and hands-on learning opportunities designed to build curiosity and confidence.

In addition to independent reading and academic coursework, students participate in collaborative discussions and virtual classroom engagement with peers from across the country and around the world. The following titles are included with tuition as part of the American Faith Academy Grammar curriculum.

Fluent Literacy Reading comprehension and rich literature exposure.	Writing Growth Clear sentence structure leading into organized paragraphs and composition.	Mastery Math Skill development through consistent practice and instructor feedback.
